**REQUEST FOR CERTIFICATE OF CORRECTION**

Dear Sir:

Upon review of the above-referenced Letters Patent, errors were noted that were the mistake of the U.S. Patent and Trademark Office. Additionally, an error was noted that was a typographical mistake that was not the fault of the U.S. Patent and Trademark Office and which occurred in good faith.

Please correct the following:

Col. 15, line 56: "...current coding units..." should read ---current coding unit---

Col. 15, line 59: "...calculating is a product..." should read ---calculating a product---

Col. 16, line 56: "...unit of the collection..." should read ---unit of the collections---

With respect to the corrections to be made in column 15, line 56 and column 16, line 56, the correct language was submitted on page 5 of the Amendment and Response in Support of a Request for Continued Examination filed on September 18, 2009. However, the U.S. Patent and Trademark Office introduced the error in the issued patent.

With respect to the correction to be made in column 15, line 59, a typographical error was inadvertently made in the Amendment and Response to Office Action in Support of a Request for Continued Examination filed on April 13, 2009. Such error is not the fault of the U.S. Patent and Trademark Office and occurred in good faith.

Included with this submission is a Certificate of Correction, and it is respectfully requested that the Certificate of Correction be issued. This request for correction is made under the provisions of 37 CFR 1.322 and 1.323. The requisite fee under 37 CFR 1.20(a) for the request under 37 CFR 1.323 is provided herewith.
